

Virtualization helps organizations save costs, increase resource availability, and improve agility. Virtualization is a rapidly growing trend in the IT marketplace and a vital step in moving your IT infrastructure to the cloud. After the successful career based event of "7 Days Better System Administrator program" MumbaiITPro takes an initiative to launch Certification track base event on Microsoft's Virtualization platform.

With different vendors in market and Microsoft's introduction to virtualization certification the job market for IT professionals with virtualization skills is sizzling, Mumbai IT PRO offers 2 Days Virtualization training for professionals or individuals with equivalent knowledge on certification achievement perspective which in turn would allow IT professionals to demonstrate their virtual infrastructure expertise.

### **Agenda Overview:**

- ❖ Virtualization Planning and Setting Up Hyper-V
- ❖ Using Virtual Machine Manager 2008 R2
- ❖ Configuring and Managing the VMM Library, User Roles, and the VMM Self-Service Portal
- ❖ Maintaining, Backing Up, and Restoring Virtual Machines
- ❖ High Availability, Monitoring, and Reporting
- ❖ Using Remote Desktop Services

For any further information on the certification track please check with following link:
