

Training: Microsoft Virtualization (70-659)

What is this program all about?

During 2 days weekend program there will be full day training sessions on some most essential core topics that an administrator should know. These are not product specific, and no overview.

These are beyond what an individual learns during his/her course of any MCP / any other IT certification.

The topics are chosen based on industry requirement that every Virtualization administrator should know. This would be delivered by 3 different speakers, who have experience in the industry, each of them covering different individual topics under their particular domains.

What are the contents of this training?

Please refer the Events List

When is this training being conducted?

Sessions will be conducted on Saturday 17th December, 2011 and 18th December, 2011. This event is a full day event (8 to 10 hours training). For detailed list of sessions on specific date, please refer Events Calendar.

Where will these trainings be conducted?

All trainings will be conducted at below address. Should the location of any session change due to any reasons, they will be communicated to the attendee up to 1 day in advance.

MumbaiITPro management holds all rights to change the venue.

Microsoft Corporation (I) Pvt. Ltd., 4th Floor, Windsor, Kalina, Santacruz (East), Mumbai 400 098 India

Who are the trainers?

Every speaker is Virtualization Certified expert and well experienced with the implementation of the same.

What is in it for me?

After a successful delivery of 7 Days Better System Administrator we have again come with a unique program being conducted in India. It has taken efforts to getting such experts together for keeping available for these days. Learning from these experts directly, makes an impact as you get geared even better in facing the fast moving IT World. Make the best of it.

Is there any pre-requisite to attend?

Professionals: 0-2 years experience as system administrator or into IT.

- Experience with Windows Server 2008 or Windows Server 2008 R2 administration, and tasks for building and maintaining a virtualization infrastructure.
- Understanding of server virtualization concepts, storage technologies, and Windows Server 2008 failover clustering.

Frequently Asked Questions

Is this any kind of a certification program?

This is a certification program, which would help you gauge your skills and our experts would make sure that you are well equipped and trained to attend the certification programs.

[Exam 70-659](#): MCTS: Windows Server 2008 R2, Server Virtualization

Is there any examination conducted after completing the training program?

There are no examinations conducted by MumbaiITPro during the training however you need to register for [Exam 70-659](#) through a Prometric center, within 7 days after completing the course. We have ensured that after completion of the course all our experts would be available on phone to clear out any queries related to training and certification, however there will be regular quiz sessions conducted at every event.

Your participation ensures your attentiveness during the training sessions.

Will I get any job after this training?

MumbaiITPro does not provide any jobs or employment solutions after the trainings. However, this is a good opportunity for every participant to network with other training attendees.

MumbaiITPro may support with job assistance as being tied up with few placement agencies and organizations supporting the community, but does not promise.

What are the fees for this training program?

Trainees: Registration Fees Charges are as follows

Early Bird Registration		General Registration	
Event fees	750	Event fees	850
Security deposit	750	Security deposit	750
Total INR	1500		1600

Charges are for food and expenses incurred in arranging the equipments associated with the training.

Note: Security deposits would be returned back to Trainees if they register for exams before 24th December, 2011 and attempt the certification on or before 31st December 2011. Our trainers will be available for any queries up to 7 days after the event concludes and so is best suggested to appear for the exam at the earliest. This initiative is only an effort to make sure we are all serious enough with the education and for the time and efforts put in by all the volunteers and the speakers who support selflessly. After all we need you to be certified and return with a good knowledge.

Do the students or any group registrations get any discounts for the training?

No, there will be no discounts for any individual in regards to event, since the charges we have listed are fair minimum. We are currently in discussions with Microsoft to get a discount on examination fees exclusively for the attendees.

What is the timeline for registrations?

8th December: Early Bird Registration closes

9th December: General Registration Starts

12th December: All Registrations close

17th December: Event Commences

Frequently Asked Questions

I am assured, how do I register?

Registration can be done online but when we receive a reference then the registration is done in person and while collecting the registration fees one of our volunteers would hand over the receipt that would be attached to the registration form for every person.

For registration purposes we have our team spread across Mumbai who would follow up with you and get the registration done.

Why should I act quickly?

Maximum registrations count is 60 attendees and registrations are soon filling. Due to limitations in registration, we hope you do not lose this opportunity.

Where and how do I make the payment?

Payment is to be made in advance, and will be on a first come first serve basis. You may have to make the payment for you or your colleague in person to one of our MumbaiITPro volunteers or email us on info@mumbaiitpro.org to find a volunteer in your area and you may get in touch with them. Once you get registered you would receive a confirmation email regarding the registration.

In case if registrations limit exceeds, registrations will be considered in wait list.

These wait-listed candidates will be considered in case they fall under the pre-requisites and space available for consideration or in case of any cancellation from the registered candidates.

MumbaiITPro reserves the right to cancel their registration in case the wait-list candidates take priority as per the pre-requisites. Hence it is the only advantage to be registering during the Early Bird registration period.

I am not from Mumbai but want to attend this training. Will I be getting any accommodation facility?

No, MumbaiITPro does not provide any accommodation. We have scheduled the trainings on weekends so as to provide you enough flexibility.

Do I get any course and education materials?

No, we will not be providing any hard copy materials. However, you will get all the training content, presentation slides and the related whitepapers or documents in electronic format.

Will there be any re-scheduling of dates?

The whole training course is fixed and may not be changed. However, only in unavoidable cases due to natural calamities or trainer's urgent unavailability, that will lead to cancel a session, they will be re-scheduled. The attendee will be informed in advance however; the training will be completed in time.

MumbaiITPro management reserves the right to modify the course content and right to cancel the event.

Are professionals /students from other departments and segments allowed to attend this training?

No, since this is a certification-oriented program we would need an audience who would be pertaining to pre-requisites associated with training. If you are not sure about this, you need to contact us at the email ID listed below before registering. It would be a disappointment for both delegates and trainers if expectations on the training do not match, and we want to avoid this at all costs.

Frequently Asked Questions

What if I need to cancel my registration for any reason?

Cancellations can be done if there any in valid reason associated. No cancellations accepted after 13th December, 2011 and will be considered only on case basis.

I would like to support this initiative in terms of sponsorship for promotions.
